Stonefield Josephson kicks off busy season with IPOD giveaway to employees

For immediate release

Los Angeles—January 19, 2006—Employees at Stonefield Josephson, a California-based certified public accounting firm, got an early bonus today when the partners at each of the firm's four offices handed out the latest IPOD to all staff. Each IPOD is engraved with the Stonefield Josephson logo. The IPOD, which is a product of Apple Computer Inc., is 30GB and plays music, videos and photo slideshows. President Jeff Garrison said he hoped the IPOD would help provide enjoyment to employees while working throughout the year. "We wanted to give the staff a unique and hip gift they could use both at home and work. I just hope they watch the downloaded movies after hours."

Stonefield Josephson, Inc. (www.sjaccounting.com) is a California-based certified public accounting firm founded in 1975. The full-service firm serves public and privately held clients throughout the United States and internationally from four California locations: Los Angeles, Orange County, San Francisco and East Bay.
